

## "Accountability Requires Clear Communication"

| What does the phrase: "Accountability Requires Clear Communication" mean to you?  |
|---|
|   |
| How could you make sure that after a conversation you and the other person are taking the   |
| same things away?   |
|   |
| What should do when you are telling a story and you can tell the other person is applying the lesson to something totally different than what you are trying to communicate? Ignore their interpretation? Follow their track? Please be specific? |
