

**“A Rapid Response Isn’t Always The Best One”**

What does the phrase: “*A Rapid Response Isn’t Always The Best One*” mean to you?

---

---

---

Please give an example of a time you responded to something right away, but it would have been better if you waited. What would you have done differently?

---

---

---

Please give an example of a time when you didn’t respond to something right away and it worked out well. What happened?
